Summer Update

Class Placement Letters: Students have been placed in classes for the 2012-2013 school year and letters were sent out to parents on August 2nd.

Faculty/Staff Handbooks: We are completing the revisions to our faculty and staff handbooks for distribution on Opening Day on September 1st.

Summer Learning Academy: Our summer program ran Mondays-Thursdays during the month of July. Seventy-two students received supports in ELA, Math and ESL programs so that regression of skills did not occur.

Textbook/Workbook Orders: As was mentioned last year, we have made a concerted effort to scale back the number of workbooks (consumables) ordered this year. Textbook replacements are currently only needed for damaged/lost books. All orders have been processed and received.
504s: Most of our 504s for the upcoming school year have been finalized and beginning of year meetings are being scheduled so teachers and parents can discuss the individual needs of the students with 504 accommodation plans.

Supplies: Supplies are arriving daily and are being checked in and delivered to classrooms so that purchase orders can be finalized and paid for the 2012-2013 school year.

Technology: Most classroom spaces have mounted SmartBoards or Enos Boards. There are a small handful of rooms that are awaiting their boards which have been ordered. The remaining rooms are having their boards purchased with School Improvement Grant Funds that were recently allocated.

Calendar: Our calendar dates have been entered onto our school website. Parents have been informed of this in a recent mailing and are being encouraged to check the calendar regularly for updates to our schedule.

Summer (Mobility) Enrollment: Two years ago, it was requested that we report where students were going when they left our district and where students were transferring from when entering....this is the most current accounting for that request. Please note that there are others that have mentioned that they are moving to the area or that are leaving but we have not gotten final confirmation of such moves at this date.

CALENDAR:

August 30 & 31 Student schedule pickup

SINI: We have received the SINI grant and are currently working to spend it before August 31st. We have earmarked money for appropriately leveled reading materials, multisensory manipulative, an advanced form of books on tape called Play-Aways, upgrades to our READ 180 software, a community based outreach program and staff development. As a result of receiving the grant late in the year, the staff development money is seemingly difficult to spend, but we are investigating different options.

Many of the materials listed above will be used to support the new model of collaborative teaching that we are putting in place for science and social studies. The general idea of this model is to limit the size of these classes, limit the scope of curriculums, and concentrate on reading and writing skills. In addition to the increased instructional time for our disabled students in 15-1 ELA classes, we will effectively have 4 periods a day of instruction with reading and writing for this group of students. Additionally, the general education students placed in the collaborative classrooms are those students identified as struggling readers through both State tests and our own internal methods.

State Test Results: We have received our state test results. Generally the results are positive, with our students performing better in ELA than in Mathematics. ELA results of students with disabilities are still weak, although very close to the averages in the county and four county region. These scores demonstrate that our emphasis on improved reading/writing instruction for students with disabilities, our implementation of interim math assessments and our continued emphasis on overall reading writing instruction is on the mark.

Staffing: We have interviewed and are in the final steps of hiring staff members to fill our part time math position and full time music position. These staff members will be in place for the beginning of the school year. On the first of August, one of our foreign language teachers resigned. This position has been posted and we are waiting for the posting to close prior to beginning interviews. Believe it or not, the response to the posting has been very limited. It could be because we need someone certified in both French and Spanish. We also have several short term leave positions to fill.

Master Scheduling: There have been many obstacles to creating this year’s master schedule. Examples are sharing four teachers with the high school, moving to an eight period day, a late start determining 7th grade foreign language choice, increasing ELA instructional time for disabled students, and the new organization of collaborative classes. Usually, by this time, we are fully completed with scheduling. We are not there yet, but will be very soon. We are currently working to balance classes and set room assignments.
Director’s Report  
August 21, 2012

The following is a list of the activities that our office is involved in for the summer:

- Testing and having CSE/CPSE meetings on new referrals
- Finalizing end of year data for upload to the State Education Department for our PD and VR reports
- Working with each building to make sure all the IEP requirements of our students will be in place for September, including staffing, materials, assistive technology, and training
- Attending online trainings on IEP Direct changes
- Attending training online the new teacher and principal evaluation system
- Attending grant related trainings – Title grants, IDEA, Part 154
- Finalizing 2011-12 grants
- Writing and submitting 2012-13 grants
- Working with the Business Office on grants management and reporting
- Analyzing last year’s data on classification, declassification, referrals by building, new entrants, etc.
- Filing cleanup, i.e., removing inactive files to storage and reallocating storage space
- Preparing for a smooth opening of the 2012-13 school year

English as a Second Language – This spring 19 of our 20 ESL students took the NYSESLAT exam. One student was out of the country at the time of the test. Four students, three elementary and one high school, tested proficient and will not be required to have ESL services this school year. This will make the management of program easier as two students who tested proficient are incoming sixth graders so we will not need to schedule ESL services for the middle school. This past year, we had the following languages for students in our program: 7 Spanish, 4 Vietnamese, 5 Bengali, 1 Chinese, 1 Italian, 1 Creole, and 1 Korean. We are very proud of the accomplishment of our students who have exited the program.

Supplemental Education Services – Learner First provided our Title I SES services this past school year. I’ve attached a summary of the participation and results. I would like to particularly draw your attention to the improvement in Math and, especially, ELA for our students with disabilities, which, as we know, was our targeted group in need of improvement. This program is funded by Title IA.

HIGHLAND CENTRAL SCHOOL DISTRICT

Deborah A. Haab
Superintendent of Schools

August 10, 2012

Senator William Larkin
1093 Little Britain Road
New Windsor, New York 12553

Dear Senator Larkin:

I write to you today to express my growing concern regarding rising expenses for private/parochial school textbook purchases. As you may or may not be aware, any students living within the Highland Central School District but attending a private or parochial school are the responsibility of the Highland CSD with regard to textbooks. The per pupil allocation for textbooks is currently $58.25 and we make every attempt to stay within this allocated aid for our students. Since 2005 we have expensed $27,602 beyond this allocated amount for those students enrolled in private/parochial schools. This school year alone we have already exceeded the allotment by $3,214.96 and this number continues to increase.

I am writing to ask you for support in this area. It is time for new legislation that specifically addresses the over expenditure of textbooks in private/parochial schools. My fear is that the Highland Central School District cannot continue supporting textbooks for our public school students at this cost. Since 2005, we have consistently taken from other budget lines to support these private/parochial expenses.

Any assistance that you could provide or advice that you may have for us in handling this situation would be much appreciated. I look forward to speaking with you soon. Thank you for your time and attention to this matter.

Sincerely,

Deborah A. Haab
Superintendent of Schools
